IN THE CLAIMS:

The following listing of claims replaces any earlier listing:

1. (currently amended) A sock, comprising:
a toe section that covers the toes and is knitted completely into a flat tubular shape, said toe section includes a sole section covering the bottom part of the toes and an instep section covering the top part of the toes,
~~in which~~ a bulge section is formed in the middle part in the length direction of said toe section, and
wherein said bulge section is formed with said toe section so as to be in a T-shape when viewed in a side view in the middle part in the length direction of the toes in a location such that it covers the bottom half of said toes.
2. (original) The sock of claim 1 wherein said bulge section is formed such that it gradually becomes thinner from the side of the large toe toward the side of the little toe.
3. (original) The sock of claim 1 wherein said bulge section is formed such that it has an arc shape that protrudes downward.
4. (canceled)
5. (canceled)
6. (previously presented) The sock of claim 1 wherein said toe section is formed such that it is divided into a first insert section into which the large toe is inserted, and a second insert section into which the other toes are inserted, and where bulge sections are formed in both the first insert section and second insert section.
